ACQUIRED

DATE OF INFO. Prior to August 1949

25X1

1. A factory for the manufacture of electric cables is under construction at Svetozarevo, near Jagodina. This factory, which is designed to be the largest of its kind in Europe, is scheduled to be completed before the end of 1950.
2. A factory for the construction of radios and radar equipment is under construction at Beli Potok, near Belgrade, on the highway to Avala. This factory is scheduled to be completed before the end of 1950.
3. A factory at Nis, which employs about 600 workers, began to manufacture tubes and Roentgen equipment during the summer of 1949.
4. The Nikola Tesla factory in Belgrade employs about 1,200 workers and constructs Konmaj radios. This factory is an amalgamation of the Miliron, Deometal, and Jetzt factories. All the technicians are Yugoslav citizens.
